

Now you can  
hire with  
confidence.

# Stivers can reduce the risk of hiring with a choice of services.

Hiring has never been riskier than it is today. That is why so many companies are turning to Stivers to assist in hiring.

Versatile options allow you to choose the approach that is best for your company:

**Temporary** employees provide flexible staffing to aid you during peak periods, summer vacations, holidays, short term projects and one-time-only jobs while still keeping you on budget. Each thoroughly tested employee is personally matched to your job specifications for a perfect fit. Stivers temporary employees are often mistaken for full time employees. Except for one difference. They are not on your payroll. And that makes good business sense any time.

**Temp-to-Staff** allows you to place a candidate in the job you are looking to fill full-time, but have them remain on Stivers'™ payroll through a trial period. This allows you to see a new hire actually work within your company's™ culture. You can observe their work ethic and cohesiveness with your team, evaluate their skill level and ability to perform, and determine if they are the right fit. And you do it all without the usual risks associated with hiring. This means when you're ready to hire, you do so with confidence.

**Direct Hire** gives you the benefit of Stivers'™ high standard for recruiting and qualifying. You will receive customized service that includes: recruiting the highest caliber employees, an interview process with thorough screening, skill testing, and reference checks. You can be assured that you will get the best candidate to meet your job specifications. You will get complete follow-up service through our guarantee date.

**Lower the risk of hiring with Stivers' top-quality candidates:**
